

USSF Registration Update Informaton  
From Chris Barnes, State Referee Administrator

**Registration update:**

- \* We are supposed to get forms, badges and books on or around July 1 this year.
- \* DO NOT register or recertify anyone for 2002 prior to Aug. 1. Anyone registering/recertifying before this will be doing so for 2001.
- \* There is a new USSF registration form with a larger Section E. I am trying hard to get enough to do the job, but the Federation ran out. Use what you have until I can get new ones, then we will no longer accept old forms.
- \* ALL registration/recertifications for 2002 must have a SRC state form along with the USSF form or it will be sent back to ARA responsible for area. All referees must document the continuing or initial education.
